Dog Walking And Home Pet care

The Team

Michelle Wood

Mum to Molly, Sam, Henri & Herman (4 rescue cats), she grew up in the countryside and looked after many animals from mice to sheep and often helped out on a friend's farm. Now circumstances are allowing her to pursue her life time ambition - caring for animals.

"I love all animals and know what an important part they play in your life. I will care for your pets as if they were my own"

Anne Morrison

Who always wanted to work with animals and has kept pets since she was 4 years old when she had 5 bantams. She has a degree in Animal Physiology and Nutrition

but after managing a pet shop for several years she was side tracked into being an accountant. Changing circumstances then gave her the chance to return to her first love—working with animals.

"I have always kept pets –from bullfrogs to horses and get tremendous pleasure from looking after them—I look forward to helping you care for your pets"

Molly & Blue, Hunmanby Gap

A satisfied customer -

"When my circumstances changed recently I found I had less time to walk our retriever, and by wonderful coincidence I came across Dogs2Frogs. Michelle and Anne now walk Jasper 3 times a week, with great care and attention, and I couldn't be happier with the service they provide; they are friendly, flexible, easy to contact and above all firm but gentle with our very lively dog."

Jubilee, enjoying the snow

Maggie

If the service you require is not mentioned please give us a ring and we will do our best to help you.
